UNITED WAY YOUNG PHILANTHROPISTS

Hello Friends!

We are excited to invite you to nominate an outstanding young professional in your organization (or yourself) to be a part of the United Way of Anderson County's YP initiative, Young Philanthropists Academy.

The Young Philanthropists group was created to encourage individuals ages 21-40 to become involved in the community through philanthropy, volunteerism and advocacy. The academy will offer them an opportunity to visit several charitable organizations in Anderson County, do some "hands-on" work, and see first-hand how working collaboratively can positively impact our community.

Your nomination will help shape the future of Anderson County's change-makers – those who seek to build relationships and effect positive and long-lasting change in Anderson County's many communities.

Schedule

YP Academy is a seven-month long program meeting one morning per month. Each month focuses on a different element of the altruistic mindset and will open the eyes of our young leaders to some of the challenges and solutions facing our community.

Return on Investment

The academy tuition is \$300 per individual. These funds will be applied toward the United Way's general campaign and will reflect that your company (or whomever pays the fee) is a Leadership Donor of the United Way of Anderson County.

Deadline

Enclosed is a nomination form. Please submit your nomination(s) by May 27th. Feel free to scan and email to britton.rodgers@uwandersoncty.com or mail to the United Way office. If you have any questions regarding nominations, please let me know.

Thank you so very much for helping us shape the future of Anderson County! We look forward to helping these individuals find their charitable passions, create positive change, and build a philanthropic spirit throughout the young leaders of our county!

Sincerely,

Britton Rodgers
Director of Strategic Markets
United Way of Anderson County
